

Second Swissquote Lounge opening in Berne

In the very center of Berne at Schupplatzgasse 9, Swissquote is opening its second lounge for clients and anyone else interested in what is happening on the stock market. The idea behind the lounge is not only to give Swissquote Bank a virtual presence, but also to allow visitors to experience the company directly at first hand.

Everybody is welcome at the Swissquote Lounge, whether to access the latest stock market information, study the financial press, find out more about the services Swissquote is offering, or to open an account then and there. Opened two years ago, our lounge in Zurich very soon became the exclusive place to meet for anyone wanting to stay in touch with the financial markets. The positive experiences we gained in Zurich prompted our decision to open lounges in other Swiss cities over the next few years.

The lounge provides visitors with an opportunity to swap stock market experiences with like-minded people in pleasant surroundings. Swissquote will in future also be staging regular events and training at the lounge. Visitors to Schupplatzgasse 9 will have wireless internet access and can also test the Swissquote platform at the internet-connected workstations provided.

The lounge is open from Monday to Friday, 8.30 a.m. to 6.00 p.m.
